Right now I will say I am **NO** saint. I had adopted their mindset myself and was def a terrible person from 14-16.

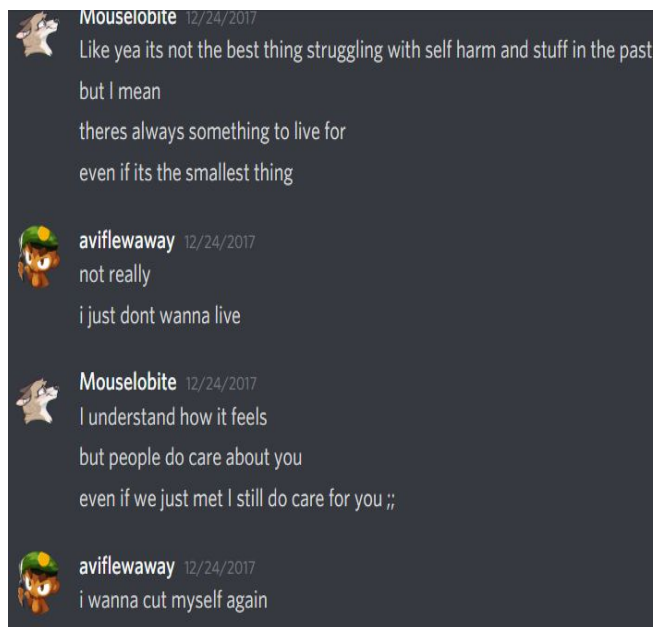

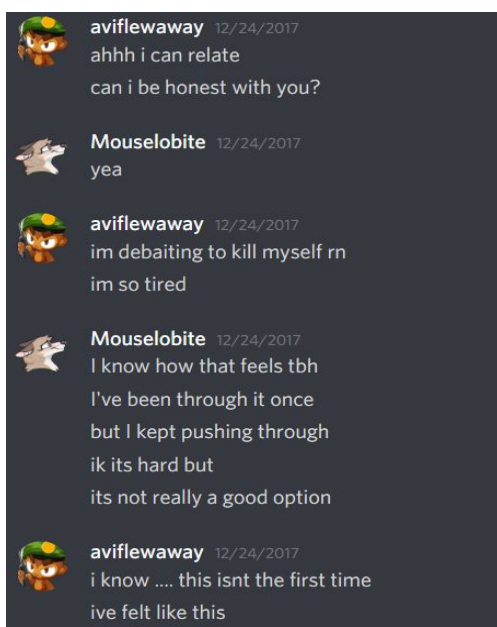

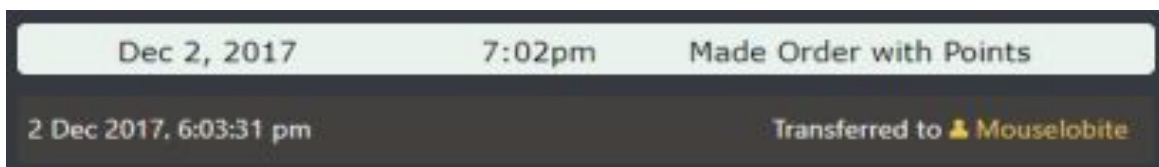

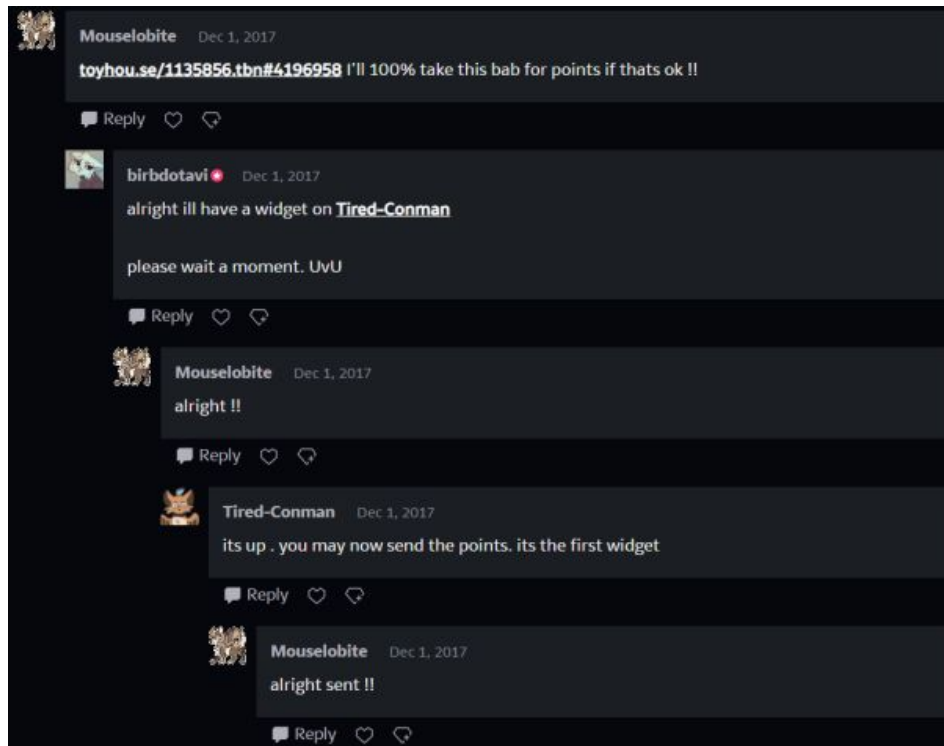

Please do not make me out to be 100% innocent in this.

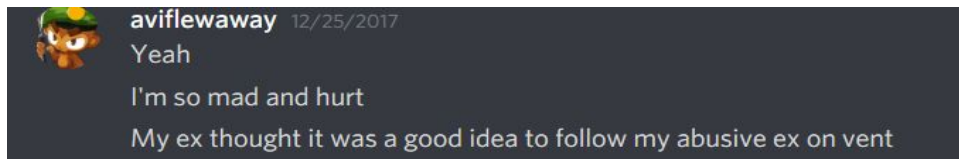

Being a victim doesn't automatically put me in the right influence or not. I have already addressed my behavior publicly/to the people I was involved with so there's nothing I have to hide.

This is my experience with Avi...

2017- 2021

I had found their youtube channel, and followed them on DA because I liked their content & i bought a character off of them and they had accidentally overcharged me, and i kinda just happened to 'befriend' them. At the time I met them I was only 14 years old (I had turned 14 June 17th, 2017) and they had just recently turned 17.

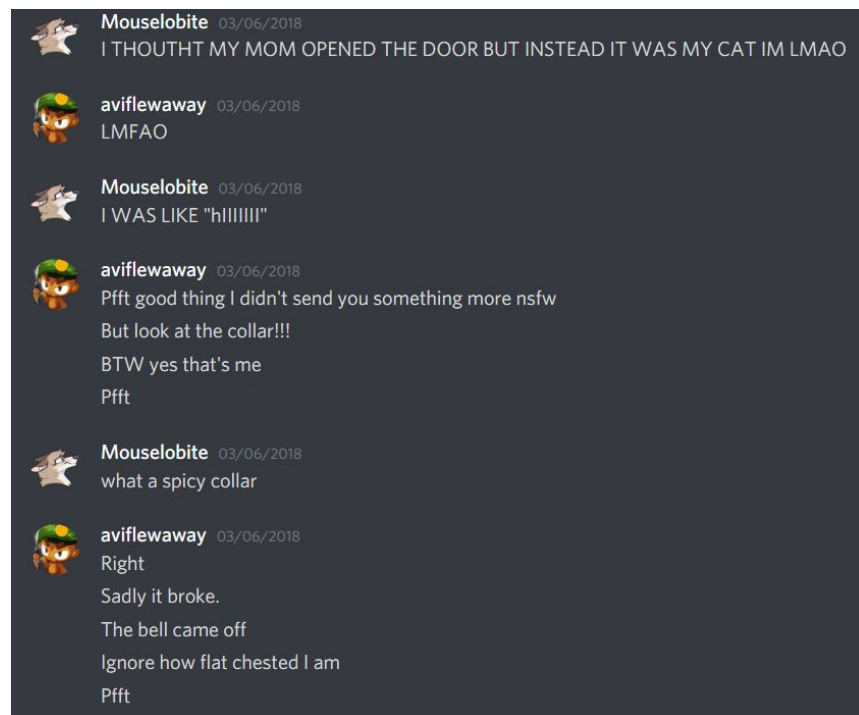

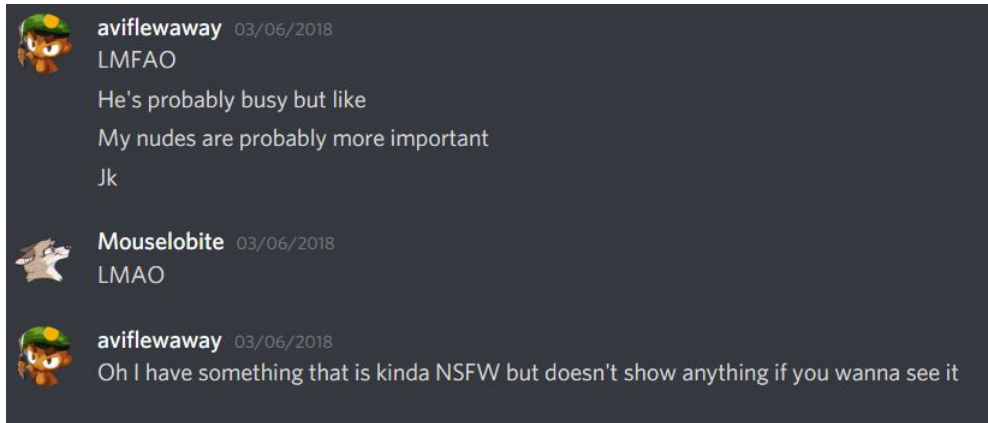

This was RIGHT after I had met them. Which had made me go “oh! We can relate because I also have an abuser!”. Keep in mind i was 14 so I CLEARLY didn’t know how to reply or respond

These were sent during one of our earlier calls (and yes. There's ALOT more nsfw art that was sent). I didn’t think much about it at the time because we were joking and laughing together. But now that I look back on it a 17 year old should NOT be sending NSFW to a 14 year old. Joke or not.

(also note: these characters are ferals AND children. In the other doc it's already talked about how they are a very possible zoo)

What they sent me was not fully a nude BUT it was still a suggestive image of themselves.

 **Mouselobite** 03/06/2018
my exs never really talked to me but i honestly dont care since it was in the past pfft

 **aviflewaway** 03/06/2018

 **aviflewaway** 03/06/2018
Ah yeah. I'd wait till you are

 **Mouselobite** 03/06/2018
yea, young relationships dont work out most of the time
so i'd rather wait until im somewhat older/find someone

 **aviflewaway** 03/06/2018
Yeah UvU you are definitely mature for your age man

 **aviflewaway** 03/09/2018
Same here

 **aviflewaway** 03/09/2018

 **Mouselobite** 03/09/2018

Rad

You won't ever see me naked. The only person who has is Kobe and he didn't asked I just kinda sent it to him

Mouselobite 03/06/2018

LMAO

that sounds like something i'd do if i was legal age and dating someone
"you didnt ask but take my nudes"

aviflewaway 03/06/2018

LMFAO I'm jail bait basically

Also sent me self harm.

(which they also have done to others.)

aviflewaway 07/01/2018

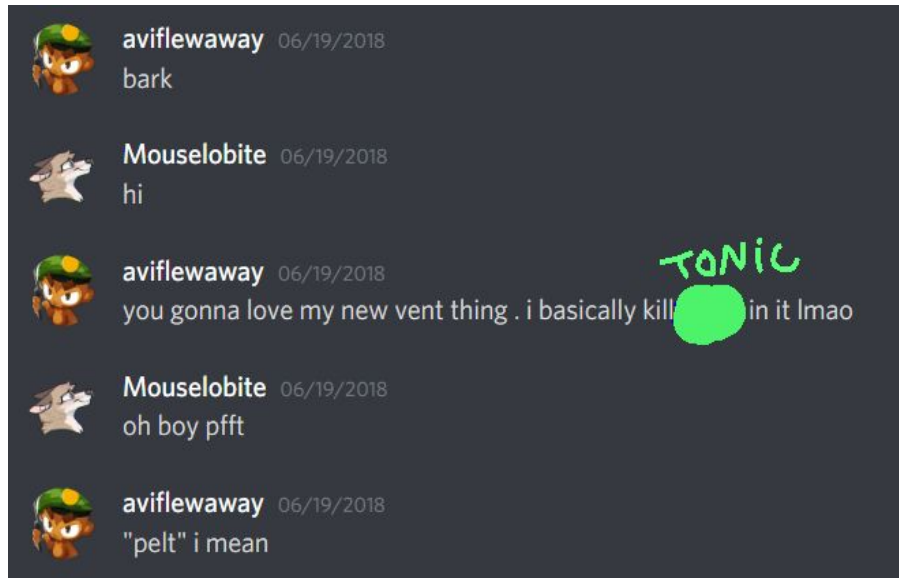

This is what I did BC of her and him

Wow blurry

But you get the picture

I just keep staring at it

Pelt = Representation of Tonic

aviflewaway 06/19/2018

i swear that too but like i only wanna marry Kobe????? an ate like 1-2 other girls???

Wanting to date 1-2 other girls, keep this in mind with these next 2 screenshots:

aviflewaway 06/20/2018

If it makes you feel better, I can be your gf until she decides to date ya lmao xD

I mean I can't tell my family BC my family hates open relationships

If you don't wanna its chill. I'm still not sure about this poly shit anyways lmao xD

Also sorry if I sound dumb. It is a dumb idea tbh.

Mouselobite 06/20/2018

I honestly dont mind bc im not sure about poly either pfft

i would experiment but i'd feel bad bc what if she wanted to try again in the next week or whatever xD

aviflewaway 06/20/2018

Its chill. Maybe we can see like after she decides :O if she doesn't , I'm open to trying. You don't have to worry about Kobe flirting with you BC he's not poly and only likes me xD.

I just wanna see if I'm actually poly or not tbh

This message was also sent around the time I was going through my own relationship issues (which they were 100%) aware of

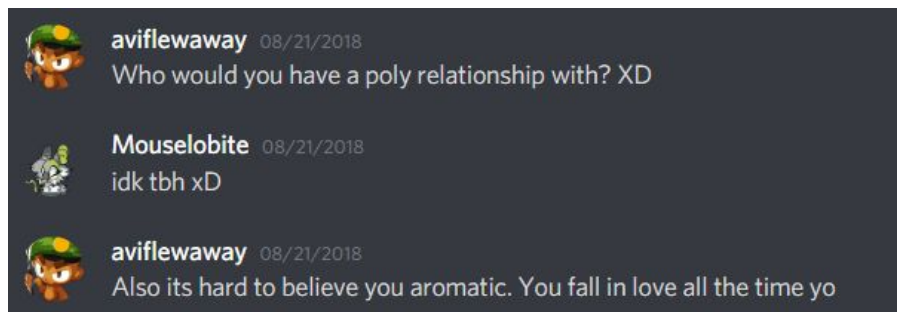

Avi 06/20/2018

Its still super awk in a way. Like IMG flirting with someone you really like and they don't flirt back so you stand there like a complete idiot xD

Also today I came out to my boyfriend as like semi poly??????? Like I didn't tell him who I liked nor did he ask. He told me its okay and stuff and we kinda laugh about it. Nothing honestly bothers him.

(^ was to Tonic.^)

Acephobia + Arophobia

At the time I was questioning if I was aro or not (which was a mix of both trauma and the fact I later realized I was demiromantic) and I got that as a reply.

There isn't really much to say about this one. It's self explanatory but this was on a private acc. Yet in the public eye they talk about how they support aroace

Asexuality is a spectrum.

ASEXUALITY ISN'T

- Abstinence because of a bad relationship
- Abstinence because of religious reasons
- Celibacy
- Sexual repression, aversion, or dysfunction
- Loss of libido due to age or circumstance
- Fear of intimacy
- Inability to find a partner

ACES MIGHT

- Want friendship, understanding, and empathy
- Fall in love
- Experience arousal and orgasm
- Choose to masturbate
- Choose to engage in sexual activity
- Choose not to engage in sexual activity
- Be of any gender, age, or background
- Have a spouse and/or children

Character stealing & reselling:

This situation was NOT handled well at all by anyone involved. It started with a character being WAY too inspired off of mine which I was clearly upset about so I went to Avi about it. Instead of telling me to calm down about it they literally let me misgender said person + even ripped off their character and sold it.

This dude

Gonna rip
Going for the neck

Character theft add on

Knowing Avi has a thing for ripping off characters they like this is honestly no surprise to me. They were 100% aware Mouse existed at the time this character was posted too (and had even used her in a video)

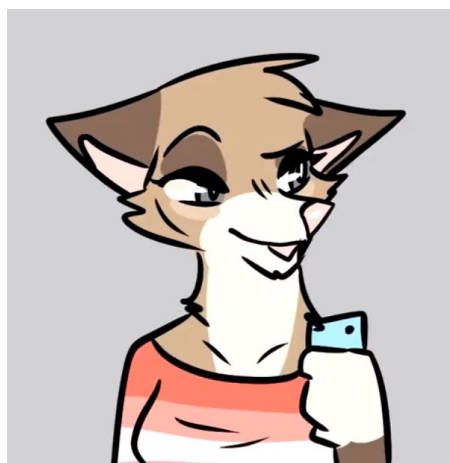

No I do **NOT** own bird dogs but the curly tail (which is a trait the yellow bird dog has), wings, color palette, ear and eye coloring, back stripe, gray nose, and color palette in general are all super similar compared to Mouse

Nor can they defend it with “it was just a tan corgi” because the colors are NOT similar to a tan corgi. Mouse was color picked from a house

sparrow so there's no way they could end up with almost the same tones.

(tan corgi compared to theirs)

Proof they were aware of mouse and showed up in their “Can't Sleep Love” video and more proof they were aware of Mouse existing by the fact that characters (yellow shibas) art is LITERALLY all drawn with Mouse in it.

Also based on their history of ripping off of characters just enough so they don't look exactly the same honestly just gives it away.

(While color palette theft is NOT a thing this is just a dead giveaway it's a ripoff and not just "based on the dog" or whatever they're gonna use)

Note// I'm keeping yellow shiba owners' names out of this because they don't want to be involved. Please respect that. Thank you! If you want to address this part PLEASE refer to her as "yellow shiba" or something else!

i just really want them back w/ me in my collection

bc like i said, ive really missed them

ive been thinking about them for the past week but was a little too busy to ask

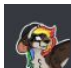

bark

I can't go back and get proof because the server was deleted/the transaction of Jessica was in a call BUT our original agreement was "if you don't want them anymore please give them back to me" which I said I was okay with.

I had tried to explain to them that **NO** you're twisting my words and that I LITERALLY hyperfixate on my ocs so taking them away from me was causing me to break down

 **Mouselobite** 11/26/2020
STG IM TEMPTED TO JUST SWITCH TO MY ALT ACCOUNT FOR A FEW DAYS JUST SO AVI
FUCKS OFF

 **pp** 11/25/2020
man I deadass just realized how unhealthy attached I am to my ocs like I get theyre a hyperfixation
and its not a thing I can control and thats fine but
its gotten to the point where the thought of someone literally taking one from me has made my brain
go "oh i'd just kill myself then"
like even if I dont use the character the thought of it being taken away makes me genuinely want to
kill myself
currently beating wolves in skyrim just to feel something different 🍷

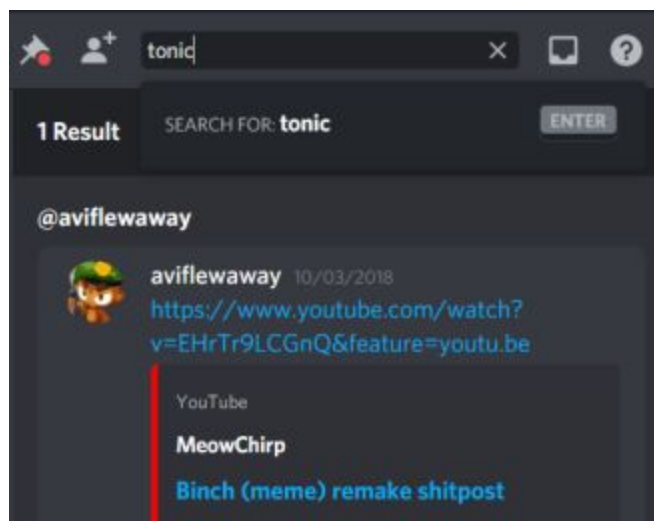

(screenshots from the character induced breakdown which spanned
over a few days and still highkey has me on edge of them trying to
revoke them/rip off of them)

**They pulled this on Tonic in 2019 as well, demanding a gift OC
back only to have it be a deal to pay off debt and then later try to
claim that the debt was still above their head.**

Side note...

Transphobia.

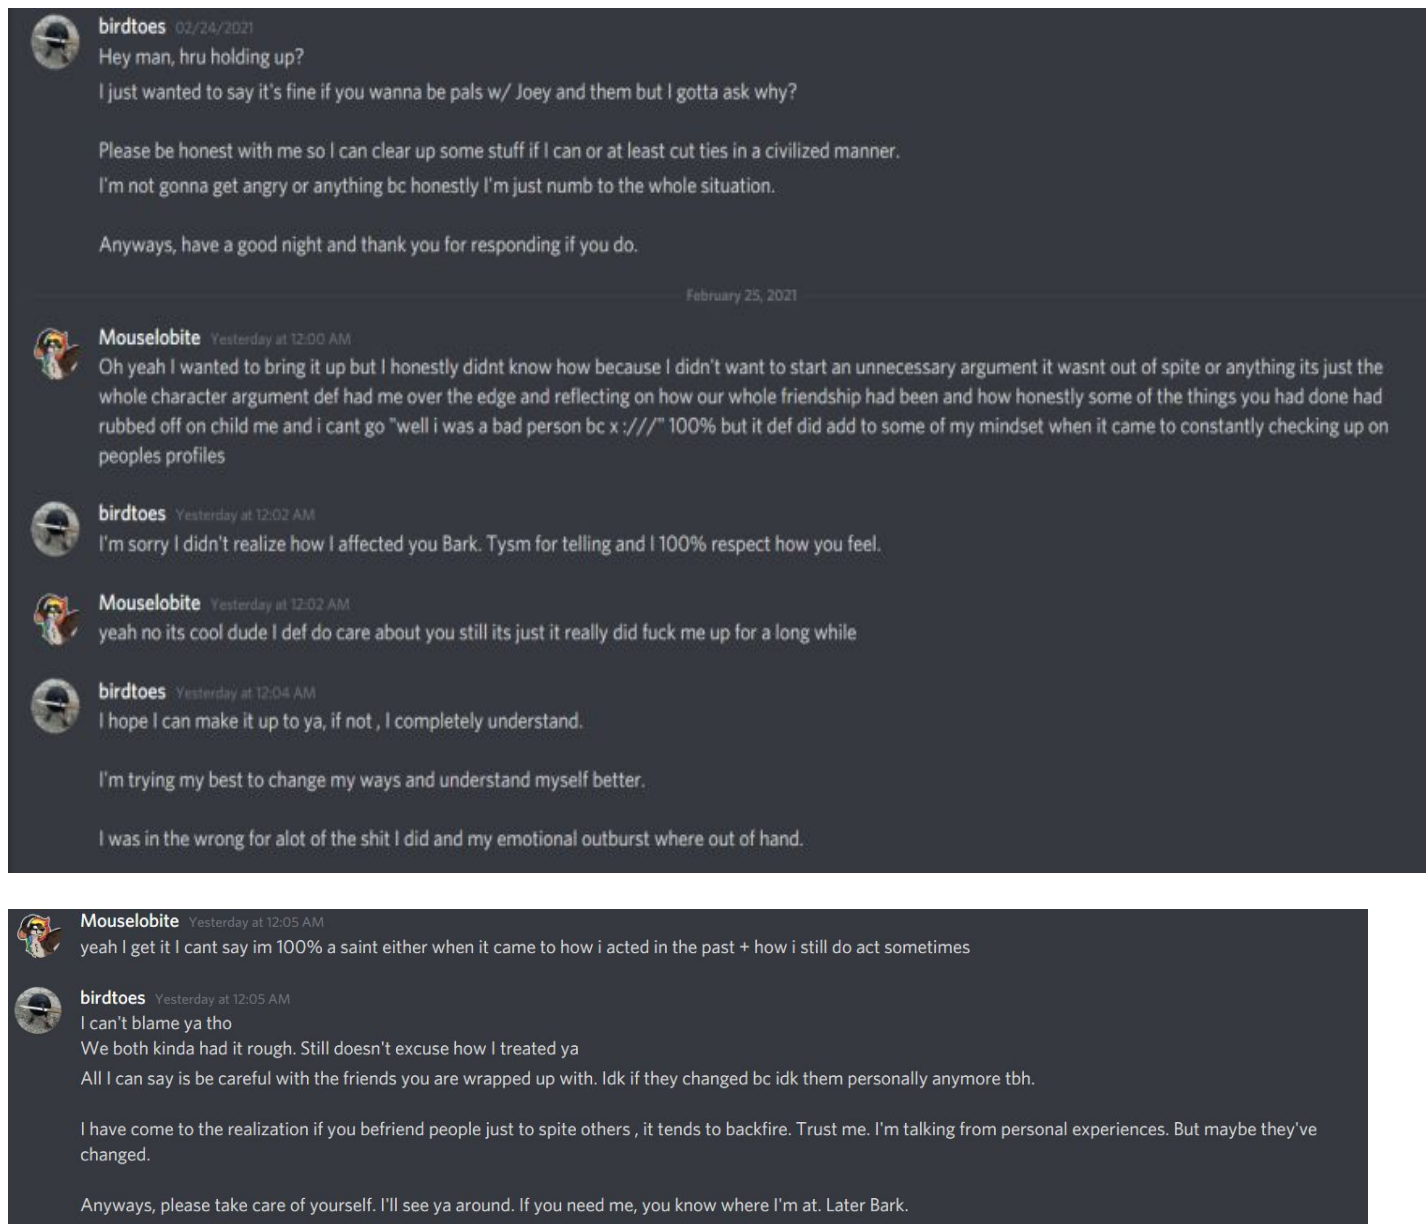

Tonic had used their name (Tonic) since 2017
And yet...

The Final Conversation;

Here I had CLEARLY said that NO it was NOT out of spite and I instead wanted to reach out to others who had a similar experience. Yet they insisted it was for some reason and basically implied I'd come crawling back??

It is still common that Avi stalks their exs and ex friends, because how else would they have known?

As well as there being direct proof and statements proving that they are still being a stalker, and denying it publicly.

First Beware on Avi/Rye for more things to be aware of from them:
